SYNERGY Student Information System

SYNERGY will equip teachers, administrators, and parents with the power to access updated student information at the click of a button.

The Synergy Student Information System (SIS) will replace Aspen and is the new source for official student records and grades.

Its main function is to manage student data. Students and parents will have access to student attendance records and grades.

The Synergy Student Information System includes:

- Student demographics
- Enrollment
- Registration
- Schedules
- Attendance
- Grades
- Discipline
- Transcripts
- Master schedule

CANVAS Learning System

Canvas will provide parents with access to their child's class information and assignments.

The Canvas Learning System is designed to connect parents, teachers and students with live, dynamic instructional materials, content resources and announcements in one easy place.

Parents will have access to tools like calendars, announcements, instructional resources, and assignment scores.

Teachers will use the Canvas Learning System to:

- Post announcements
- Use the course calendar
- Post a teacher page for each course
- Use the gradebook (secondary)
